### **Spirits in the Sky: Northern Lights Photography**

Photographs by Paul Zizka

ISBN 9781771604192

8 in. x 8 in. • 192 Pages • Softcover

RRP: \$25 CAD +GST

A beautiful collection of colourful images from the brilliant and inspiring night sky of the Northern Hemisphere. Few natural phenomena compare to the drama, surprise, and beauty of the northern lights. Witnessing their dance across the sky is a magical and unforgettable experience. Capturing the aurora borealis with a camera, though, takes careful planning and persistence, an understanding of the science, attention to the data and conditions, and a dose of luck.

For over a decade, landscape photographer Paul Zizka has been on a chase to capture the northern lights - one that has taken him right off his doorstep in Banff, Canada, throughout the Canadian Rockies, and to the far-flung corners of the Northern Hemisphere: the Northwest Territories, Yukon, Nunavik, Labrador, Iceland, and Greenland.

This spectacular collection compiles Zizka's finest northern lights photographs and showcases the varied nature of this celestial display in an array of settings. From electric green to royal purple, streaking the sky over mountains or reflecting off iceberg-laden seas, *Spirits in the Sky* displays the aurora borealis like you've never seen it before.

### The Canadian Rockies: Rediscovered

Photographs by Paul Zizka

ISBN 9781771602310

10 in. x 10 in. • 240 Pages • Hardcover

RRP: \$50 CAD +GST

Combining breathtaking landscape images with intriguing portraits of mountain athletes, Paul Zizka's remarkable new collection of photographs will astound mountain and photography enthusiasts alike.

The Canadian Rockies are some of the most photographed mountains in the world, yet only a small portion of this phenomenal landscape ends up in the frame. It takes a passionate and adventurous photographer to venture away from the beaten track and deep into the wilderness or to push creative boundaries to reimagine the Rockies' iconic locations.

For nearly a decade, Paul Zizka has dedicated himself to exploring the seldom visited corners of the Canadian Rockies and producing the most original and innovative photographs he can muster. As a photographer and adventurer, he is drawn to the extraordinary. His body of work is the result of both countless nights spent outdoors and demanding ascents of the Rockies' highest peaks.

### **Aloft: Canadian Rockies Aerial Photography**

Photographs by Paul Zizka

ISBN 9781771603973

8.5 in. x 11 in. • 224 Pages • Hardcover

RRP: \$45 CAD +GST

There is a reason why the Canadian Rockies are some of the most photographed mountains in the world. Rugged peaks encircle glacier-fed lakes, rise up like protective walls around tree-filled valleys, and offer a stunning backdrop to open alpine meadows. They have been photographed from the valley bottoms, from the shores of famous lakes, and from the summits of prominent peaks. They are accessible by vehicle, boat, gondola, skis and hiking boots. But a lucky few have photographed the Rockies from the air.

Comprising one of the most comprehensive collections of aerial photos from the Canadian Rockies to date, *Aloft* will enhance the viewer's appreciation of this internationally renowned landscape and provide a unique perspective on mountains that are as grandiose from the skies as they are from their better-known vantage points.

### **Summits & Starlight: The Canadian Rockies**

Photographs by Paul Zizka

ISBN 9781927330920

7.5 in. x 8.5 in. • 192 Pages • Hardcover

RRP: \$30 CAD +GST

Iconic and classic images of the Canadian Rockies are taken to new heights and completely reimaged in this stunning collection of contemporary photography by Paul Zizka. As a professional photographer and versatile adventurer, Paul has been able to access remarkable backcountry landscapes and dizzying peaks throughout the mountains of western Canada. The result is a collection of images that highlight difficult conditions and hard-to-reach places; alpine sports and backcountry experiences; unusual angles of common mountain subjects; and stars, Northern Lights and dramatic silhouettes. Together, this portfolio represents over 100 of the most breathtaking and unique views of the Rockies to be published in years.
